DEPARTMENT EVENTS

## A Free Platform for Government, Built by Experts

Take control of your events with Department.Events—where government departments and event expertise come together seamlessly.

A Tailored Platform for Government Departments

At Department.Events, our mission is crystal clear: we provide an all-encompassing, free-to-use platform, designed exclusively for government departments. Leveraging our affiliation with CCS, we streamline the process of setting up event registration sites and managing attendees. Adhering rigorously to GDPR standards, our platform is crafted by seasoned event professionals, ensuring you get top-tier features as you take the reins of your own event.

Features

- Basic branding for your site
- Unique URL for your event
- Highlight event dates
- Include event bio
- Include Google Maps venue info
- Add to calendar function (iCal, Google and Outlook)
- Capture dietary requirements
- Create bookable agenda items
- Create different delegate types
- Searchable delegate list for attendees
- Edit delegate details once they click to attend
- Include FAQs for your event
- Access to your own dashboard
- Export all data into Excel for analytics
- Email communications: build and send custom personalised emails
